Mail Stop: Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants submit herewith a Substitute Specification at the request of the Examiner made by way of a telephone call to Applicants' attorney, J. David Smith, on January 10, 2007. It is believed that no fees are due in connection with this submission, however, if any fees are due, please charge our Deposit Account No. 11-1153.

No new matter is contained in the Substitute Specification. Rather, Applicants merely delete offending internet address references found on pages 1 and 2 of the specification in paragraphs [0007] and [0011]. Further, Applicants place the specification in 1.5 line spacing in accordance with proper USPTO practice. Two copies of the specification are submitted herewith. One copy shows the deletions with a strike through of the offending internet address references. The second copy is a clean copy of the specification including removed internet

address references. In accordance with 37 C.F.R. 1.125, the specification corresponds to the immediate last copy of the specification including the claim amendments entered by way of the Amendment and Response filed on December 6, 2006.

Claims 1-2, 4-11 and 14-22 are pending in the instant application. Claims 4-11 and 14-22 are withdrawn from consideration, and claims 1-3 are rejected.

CONCLUSION

It is believed that all of the claims are patentable and early notification as such is earnestly solicited. If any issues may be resolved by way of telephone, the Examiner is invited to call the undersigned at the telephone number indicated below.

Respectfully submitted,

A handwritten signature in black ink that reads "J. David Smith". The signature is written in a cursive, flowing style.
